

Volunteer Opportunities as of September, 2014

The Town of Bedford is always looking for volunteers to help on town committees. Currently there are openings on 6 committees, but throughout the year new openings pop up and we'd love to have a nice pipeline of names of interested residents. So, if you are thinking about helping out, we encourage you to fill out a questionnaire for the committee you are interested in and submit it so that we can keep you posted.

We also encourage you to attend meetings of a committee(s) that you may be interested in to find out more about them. All meetings are open to Bedford residents and schedules are on the town website. If you are unsure and would like to talk to someone, feel free to reach out to the Chair of a committee or someone on the committee. Contact info is also on the town website.

Current openings for which we are actively looking for volunteers:

- Arbor Resources
- Depot Park Advisory Committee
- Historic District Commission (associate position)
- Historic Preservation
- Land Acquisition
- Transportation Advisory

A full list of all committees is available on the Town website as is information about each committee is available on the Town of Bedford website.

Residents interested in applying should contact members of the Volunteer Coordinating Committee by logging onto the VCC page of the Town's website, www.bedfordma.org, and filling out a Volunteer Questionnaire for one or more position. Questionnaires are also available from the Town Manager's office.
